

Tired of winter?

Tired of materialism?

Tired of religious doctrines you don't believe?

Looking for meaningful dialogue?

Is getting out in nature "your religion" or an integral part of it?

Then you might like to join the Unitarian Universalists of Geneva

for our annual "Signs of Spring Walk" celebration

in the Jardin Botanique,

on Sunday, March 17, 2013, 2pm,

followed by a potluck social hour indoors.

All ages, all weather, all natural! (NOT *au naturel!*)

See www.genevauu.org for details.
